

“Liger” Drawing Game Instructions

Print the animal cards below on cardstock, and cut to the same size. The squares in the last line of the table on each page are longer and players will need to trim the bottoms. It needs to be cardstock so players can't see through the cards.

Game Play

1. Divide into two teams.
2. Gather paper, pencils, and animal cards.
3. Team 1. Choose a member from your team to draw for this round.
4. Choose **TWO** animal cards from the pile.
 - a. **Draw one animal with attributes from both animals.**
 - b. You may find yourself drawing a “Buffale” (buffalo-whale) or a “Peadillo” (peacock-armadillo)
 - c. You have 1 minute to get your team members to guess both animals.
5. Repeat this process, alternating teams until all players had a turn.
6. Whichever team guesses the most animals wins!
